News of the week

## Ready For Success.

In February this year, we introduced a new lifeskills program for teenagers who are nearing the end of their schooling. The 'Ready For Success' program was developed locally by the GM Foundation with the aim of helping youth in this age group develop skills that will enable them to succeed in their lives.

It is a 3 year course & we currently have 33 enthusiastic teens who have joined Phase 1 of our pilot program.

We are currently busy with a unit that deals with relationships & during our last session we dealt with "Healthy Relationships". They had to list the different relationships they have & highlight those that are 'close' & the most important one right now.

They then brainstormed the attributes of healthy & unhealthy relationships & discussed why it was important to develop healthy relationships.

They were then given different scenarios to discuss & identify which involved healthy or unhealthy relationships & discuss what action could be taken by the main character in the unhealthy ones.

Our lead Educare volunteer, Noluthando, finished the last classes & practical assessments of her 3 year Foundation Phase Education course. Her official graduation will be in June . . . more news then.

## We need

- **Warm Things** - Clothing, blankets, etc. If you would like us to collect, please give us a call or an email.
- **Sustainability Funding** - Regular financial donations towards sustainability costs. It's great to have "things", but the real value of our efforts lies in being able to put those "things" to good work.
