Kids Club

4th June 2012 - We had 148 children at Kids Club today!

We began a new series of lessons about Taking Responsibility. Our story was about a girl who takes her grandfather for a walk & notices all the papers lying around. She picks them up & because of her, eventually her area becomes known as the "Best Kept Village".

I ask the children about their rights & responsibilities. They named many & I explained further how they can take responsibility in different situations. I also explained the consequences of NOT taking responsibility & how it can affect their future!

We had extra donated cakes & donuts today so the children paid close attention because when I asked questions about the story, those who answer correctly could get an extra piece! So they concentrate very closely & participate very well!

They said that they would keep their area clean & respect & help their elderly so that they can be blessed.

... It was a very good program.
